

# BUSINESS PRESENTATION

**PETRA**  

---

**STONES TRADE**

PETRA SRL is a trade network, import and export starting by the North of Italy and expanding in Europe, Asia and South of America, thanks to the products quality and to the Italian know how. PETRA SRL not only looking for always innovative materials but it also offers business and technical well-advanced support. Materials included in PETRA SRL selection, range from porphyry and Pedemontium stone , granite, quartzite and Longobardi pebbles available in different formats: cubes, paving stones and decorative rocks both for paving and covering, as well as many other things. Rapidity and intuition are the principal features that better identify PETRA SRL.

Solutions proposed by PETRA SRL are the outcome of meticulous and careful studies and the result of the collaboration between designers, engineers and architects who join passion for their own job to the constant research for news.

PETRA SRL born in 2000 as the business partner of FRATUS PAVIMENTAZIONI SRL, leader in the laying of paving and covering made in natural stones only. PETRA SRL and FRATUS PAVIMENTAZIONI SRL are two artisan realities that focus their attention on details care.

Many of works made by PETRA SRL and FRATUS PAVIMENTAZIONI SRL are the result of a real synergy and they have the task to increase the architectural point of view of places where history interlaces the every day life and where contemporary backgrounds keep on telling its own history. PETRA SRL and FRATUS PAVIMENTAZIONI SRL are well-recognized in the North of Italy and the prospect for the future is bringing their own art and elegance also out of national confines, expanding the activity abroad.
